

DECLARATION

Product / products: Heat-shrink tubes, type: RTMK

Product description: Thickened wall heat-shrink tubes with hot-melt glue

Product technical data: Material: cross-linked polyolefine, hot-melt polymer
Working temperature range (°C): -55 ÷ +110
Dielectric strength (kV/mm): 20
Volume resistivity ($\Omega \cdot \text{cm}$): $>10^{14}$
Shrink ratio: 3:1
Inner diameter range (mm): 9/3 ÷ 140/42
Colour: black

Importer: TRYTYT Sp. z o.o.
ul. Sumpera 9
43-300 Bielsko-Biała
tel. +48-33-8119058
